Cracking the AP Environmental Science Exam, 2017 Edition Princeton Review

Are You Serious About Scoring a 5? Then

Get REA's AP Environmental Science Test Prep with TestWare CD The #1 Choice for Serious Students! REA's AP Environmental Science test prep gives you everything you need to score a 5 on the exam! This second edition of our popular AP test prep is completely up-to-date and aligned with the official AP exam. The book contains in-depth reviews of all the topics covered on the AP Environmental Science exam, including: Matter & Energy in the Environment, Earth Systems, The Biosphere, Water & Land Resources, and Environment & Society. Case studies at the end of each chapter relate environmental topics and principles to real-world issues, so students can apply what they learn to everyday subjects. Diagrams, charts, and figures throughout the book illustrate key topics and data results. A glossary of terms all AP Environmental Science students should know and a breakdown of the exam's content are included so you can study smarter and score a 5! The book features four full-length practice exams with detailed explanations of all answers, a custom study schedule, and test-taking strategies. The practice tests are composed of every type of question that can be expected on the actual AP Environmental Science exam, so you can "practice for real" and target your strengths and weaknesses before the test. Two of the book's practice tests are included on CD in a timed format with automatic, instant scoring. Our interactive TestWare CD offers detailed on-screen answers, diagnostic feedback, plus an extended time function for students with disabilities. If you're serious about getting a 5 on your exam, then you need REA's AP Environmental Science test prep! REA has helped more than a million students succeed on their

AP exams! Teachers across the country consider our AP titles to be invaluable resources and consistently recommend our books to their students.
