(9th Edition) answers all the questions you might have when it comes to stats, and the book's focus on psychology and other behavioral sciences lets you center your knowledge specifically on your particular field of interest. Essentials of Statistics for the Behavioral Sciences (9th ... This course presents fundamental statistical concepts and tools for understanding and analyzing data from studies in the social and behavioral sciences. Topics include measures of central tendency and dispersion, probability theory, data distributions, significance testing and statistical inference. STATISTICS FOR THE BEHAVIOR SCIENCES Offered by University of

Amsterdam. Understanding statistics is essential to understand research in the social and behavioral sciences. In this course you will learn the basics of statistics; not just how to calculate them, but also how to evaluate them. This course will also prepare you for the next course in the specialization - the course Inferential Statistics. Basic Statistics | Coursera Essentials of Statistics for the Behavioral Sciences 8th Edition Gravetter, Frederick J.; Wallnau, Larry B. Publisher Cengage Learning ISBN 978-1-13395-657-0. Essential University Physics: Volume 1 (3rd Edition) Wolfson, Richard Publisher Pearson ISBN 978-0-32199-372-4.

This course presents fundamental statistical concepts and tools for understanding and analyzing data from studies in the social and behavioral sciences.
